

Four Village Eco is a community group aiming to address issues around the climate crisis, sustainable living, nature and the environment relevant to local people and the local area.

We meet once a month in Littlebourne to exchange ideas and discuss ways to promote issues such as recycling, sustainability, green energy and seasonal eating of local produce – we have visited a waste-to-energy incinerator and a regenerative farm.

We're enthusiastic about local wildlife and biodiversity and have enjoyed a beaver walk at Stodmarsh Nature Reserve and a local bat walk. We organize various nature initiatives, including an annual Bioblitz in Turner's Orchard, actively support Littlebourne's

Cherry Orchard Nature Reserve and aim to work increasingly with the local schools on connections with nature.

installed a tiny book exchange at the Ivy Barn. We have lots more ideas – come and join us!

We've also organized a collection point for recycling medicine blister packs and have
